

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is WRONG.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This kind of one-sided programming billed as a "documentary" is misleading and doesn't serve the interests of informing local communities. This is clearly a case of ONLY money matters when it comes to what is viewed on the so-called "public" air waves and that balanced programming in matters of high public interest such as the presidential election just doesn't matter to Sinclair. Clearly this should effect their license renewal.

Thank you.
